FESSH-EFSHT CONGRESS
BASEL | JUNE 3–6 | 2020

Dear Colleagues and Friends, dear Hand Therapists,

As the end of the year approaches, we are already looking forward to the upcoming **FESSH-EFSHT-Congress** in June 2020!

We are expecting your abstract for the therapist's session:

the submission deadline has been postponed to December 10, 2019 at midnight – don't miss the opportunity to participate actively in the scientific program! Submit your abstract here: <http://fessh2020.com/#program>

Many great speakers and topics are awaiting you: we are very pleased to announce one of our keynote speakers, **PhD Dr. med. Elisabet Hagert**, who will talk about proprioception of the CMC I and wrist. In different **Focused Symposia**, relevant subjects as chronic hand conditions, fractures, nerve injuries or tendon rehabilitation will be addressed by therapists from all around Europe. For those who prefer hands-on learning, many interesting **Workshops** are being prepared. Check our congress website for the latest news: www.fessh2020.com

Also, you will have the chance to get a glimpse of the Hand Therapy practice in Switzerland: You can enroll for **Clinical Visits** before or after the congress, during which you can visit a hospital or private practice and exchange knowledge and skills with a Swiss therapist.

Of course, there will also be many opportunities to meet up with therapists and surgeons from all around Europe during the various **social activities** such as the Welcome Ceremony or the FESSH-Party – don't miss it!

With this wonderful perspective on 2020, we would like to wish you wonderful end-of-year festivities and are looking forward to meeting you all very soon!
